

Assignment No. 12

Continue Statements

31.08.2023

Md. Nurul Hoque
nhsakil1@gmail.com

Objective

- Write a program that prints all the even numbers from 1 to 20, skipping the number 10 using the continue statement.

Code

- Snapshot of your code

```
for i in range(1, 21):  
    if i%2 != 0 or i == 10:  
        continue  
    else:  
        print(f"{i} is even number")
```
